

Creative options

Art Smart - \$4.00 per session

Art making for exhibition – storyboarding inspiration, works on paper, works on paper, sculpture, experimental art. The group will visit galleries to broaden their understanding and inspiration for creativity.

Active Storytelling - \$3.00 per session

Write and act out your own story, and you will be the person to draw, paint or make your own pictures for a book.

Commercial Art - \$4.00 per session

Participants visit art studios and galleries, interact with other artists, and create their own art in this community-based program. The goal for participants is to display and sell their art in local galleries.

Creative Art - \$4.00 per session

Participants in the Creative Art program can express themselves through art and craft techniques using a range of resources and mediums. It enables participants to create pieces which they can take home or display throughout the centre.

Digital Media/ Photography - \$4.00 per session

The Digital Media program allows participants to display their creativity through photography or film. It is a great way for participants to record their year to share in our newsletter and art displays. Permission must be granted for public display of personal photos.

Movie Makers - \$4.00 per session

In our Movie Makers program participants make a short film with a video camera and use different media and communication styles.

Creative options (cont.d)

Reverse Garbage Art Creation - **\$4.00 per session**

Using the forum of recycle, renew, reinvent with lots of paper, glue and paint. Making puppets, models, sculptures, mobiles and dioramas.

Scrapbooking & card making - **\$5.00 per session**

Our innovative scrapbooking program enables each participant to collect his or her favourite pictures and items to create their own individualised scrapbook.

Social Media - **\$3.00 per session**

The Social Media program is dynamic and stimulating, allowing participants to produce a quarterly magazine and contribute to the Fisher St Facebook page. The program helps to develop skills for discussion, debating, reading and writing, as well as computer, visual communication, drawing, photography and layout skills, all in a team environment.

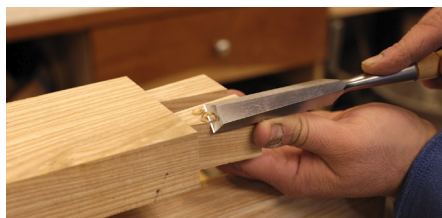

Textile and Art - **\$4.00 per session**

Participants in the Textile and Art program can express themselves through sewing – hand sewing or machine - knitting and craft using a range of resources and mediums. The program enables participants to create pieces which they can take home or display throughout the centre.

Woodwork (Men's shed) - **\$6.00 per session**

This program is for those who would like to learn basic woodworking skills and make an object to enjoy at home.

Working in 3D - **\$5.00 per session**

Participants make creative art work with clay, wood and construction. Participants may take home work or may be invited to display their creations at different art displays, including models and dioramas
