Introducing Simon Price Centre

A contemporary, luxurious aged care home in the heart of Mont Albert North

The new Simon Price Centre features state-of-the-art facilities, including large, spacious bedrooms and suites, with balconies offering beautiful views across Melbourne.

We are proud to unveil this stately new aged care residence with stunning contemporary style.

mecwacare's new Simon Price Centre accommodates up to 100 residents in an ageing in place* environment.

The new home features a variety of public and retail spaces designed for residents and their guests to enjoy, as well as a sweeping vista to the east. The aged care home will include spacious communal lounges, light-filled dining areas, a cinema, cafe, library and wellbeing salon.

mecwacare's commitment to high-quality, personalised care at this new centre includes a specialised menu that caters to individual needs and dietary requirements.

As part of the carefully planned design, car parking and hospitality services are located on the lower-ground level to minimise the impact on the surrounding green environment.

The upper-level, beautifully appointed residential suites feature large balconies, perfect for enjoying the amazing views.

With an emphasis on residential aesthetics, the home is designed to blend in with the surrounding landscape in this desirable Mont Albert North neighbourhood.

The facade nestles into the street at the north-west end - an effect enhanced by two glorious eucalypts standing majestically on the corner.

The presence of native trees at both the front and rear setbacks showcase the thoughtful landscape design of this significant property.

The highly-trained staff at Simon Price Centre prioritise the physical, emotional, and social needs of each resident, ensuring that their individual preferences and requirements are met with compassion and respect.

mecwacare is pleased to name this aged care home after our long-serving Board Member and Life Governor, the late Simon Price.

**Ageing in place allows a resident to remain at the facility when their care needs change or increase.*
