

Retirement Village Information Statement

Retirement Villages Act 1986, section 19
Retirement Village Regulations 2026, regulations 11-12

This form is approved by the Director, Consumer Affairs Victoria under section 19 of the *Retirement Villages Act 1986*. All retirement village information statements must be in this form.

What is a Retirement Village Information Statement?

Every retirement village in Victoria must provide it in the same standardised format. Prospective residents can use information statements to compare retirement villages on a like-for-like basis.

It is designed to provide prospective residents information to make an informed decision about whether to move into this village. It covers the costs of entering, living in and leaving; the services and facilities available; and important details about how the village operates.

Information statements must be updated at least every 12 months and as soon as possible after any change to the information provided.

How to access information statements for different villages?

Every retirement village must publish their information statement on their village’s website.

The operator of a retirement village must also provide the information statement:

- at the request of a prospective resident within seven days,
- with any targeted promotional material, and
- at least 21 days before a resident enters into a residence or management contract in respect of the village.

Navigating the information statement

Part A: Village-level information	Provides information about the village and operator including about any owners corporation, types of contracts and tenure, village facilities and services, the number and types of residential premises, future developments, security and emergency assistance systems, insurance arrangements, financial management, residents committee and village rules.
Part B: Village fees and charges	Provides information on fees and charges to be paid on entry, while living in the village, and when you leave.

Attachments to the information statement provide:

- A list of village services and facilities with associated fees (Attachment 1)
- Details of village insurance information (Attachment 2)
- A glossary of fees to help prospective residents understand the terms used throughout the statement (Attachment 3).

Finding more information

Other documents and information are available to help inform prospective residents. Operators must provide the following documents to prospective residents at least 21 days before entering into a management contract:

- a draft residence contract and management contract for the village
- the village by-laws and a document under which a resident agrees to observe the by-laws, and promises to pay an entry payment or a recurring charge for the provision of goods or services by the operator
- financial statements as presented at the most recent annual meeting of the residents.

Prospective residents may also wish to ask for information on the specific fees and charges for a residence they are considering in an easy to understand form. A suggested form for this purpose can be found on the Consumer Affairs Victoria website www.consumer.vic.gov.au.

Understanding the financial commitment

Entering a retirement village is a significant financial decision.

The financial structure of retirement village living is different from conventional home ownership or renting, and the net financial outcome can vary significantly depending on the length of stay and the terms of contracts. It is important that residents understand how the costs interact and what they will ultimately receive when they permanently depart the village.

Before signing any contract, you are strongly encouraged to read all documents carefully, ask questions of the operator, and seek advice from an independent financial adviser to ensure you have a full understanding of your financial obligations and entitlements.

Where can prospective residents get help or more information?

If prospective residents need help understanding this statement or want more details about retirement village living in Victoria, they can contact Consumer Affairs Victoria for information and assistance by visiting www.consumer.vic.gov.au or calling 1300 55 81 81.

Operators must provide the following documents to prospective residents at least 21 days before entering into a management contract:

- a draft residence contract and management contract for the village
- the village by-laws and a document under which a resident agrees to observe the by-laws, and promises to pay an entry payment or a recurring charge for the provision of goods or services by the operator
- financial statements as presented at the most recent annual meeting of the residents.

Attachment 3: Glossary of fees

Capital maintenance fund contribution: A portion of resident payments is set aside by the operator into a dedicated fund for future major repairs and maintenance of village infrastructure. The operator determines the required portion.

Contract check fee: The annual contract check, which summarises fees and exit position, must be provided free. An on-demand check is also free where the resident gives 28 or more days written notice of intention to leave.

Deferred management fee: A fee payable on exit, as a contribution toward the cost of services provided to the resident during their time in the village. It is calculated as a percentage of the entry payment, accruing daily based on length of residence. It cannot be charged where the resident leaves during the settling-in period or moves to another unit within the same village.

Entry payment: The main upfront payment for the right to live in the village. It may be a lump sum or fixed instalments. It may be fully or partly refunded when you leave (a repayable entry payment) or it may be non-refundable. It does not include rent, maintenance charges or optional service fees.

Exit entitlement: The amount paid back to the resident on exit. For non-owner residents, it starts with the repayable entry payment. For owner residents, it starts with the sale price of the unit. Any fees, outstanding charges and other deductible amounts are subtracted to give the final figure.

Holding deposit: A payment to reserve a specific unit before a residence contract is signed. It falls outside the standard entry payment rules and is regulated under the Sale of Land Act 1962 instead.

Maintenance charge: A regular fee, usually weekly, fortnightly or monthly, covering village management, staff, facilities and common areas. It is capped each year in line with the all groups Consumer Price Index (CPI) for Melbourne in original terms published by the Australian Bureau of Statistics; and can only exceed that cap if residents approve a higher amount by special resolution.

Optional services charge: A fee for extra services a resident elects to use, such as meals or personal care, that are not part of the standard village offering. These charges cease on vacation of the premises or on the resident's death.

Owners corporation fee (owner residents only): Where the village has an owners corporation, owner residents pay a separate fee covering common property upkeep and insurance. This is in addition to the maintenance charge.

Rates and taxes: Government charges such as council rates and land tax on the village land. These may be passed on through the maintenance charge or charged separately, as set out in the contract.

Reinstatement costs (non-owner residents): non-owner residents must return the unit reasonably clean and in the same condition as when they moved in, allowing for fair wear and tear. Where this has not occurred, the operator may issue a written notice specifying the required works and their estimated cost. If not disputed within 21 days, the operator may carry out the works and charge the resident the reasonable cost.

Rent (non-owner residents): Some non-owner residents pay ongoing rent for the right to occupy their unit, in place of or in addition to an entry payment. Rent is treated separately from entry payments under the legislation.

Special levy: A one-off charge for unexpected major expenses. No more than one special levy may be charged in any 12-month period, and only where required by law, approved by residents by special resolution, or covered by the contract.

Utility charges: Charges for electricity, gas and water consumed by the resident. The method of calculation varies between villages and is set out in the contract.

Waiting list fee: A fee charged to join the village waiting list. It may or may not be refundable. The operator is required to state in the information statement whether a waiting list fee applies and whether it is refundable on entry.

This Certificate of Currency is a summary of cover provided under the policy, current as at the date of issue. The certificate is provided for information purposes and does not amend, extend or alter the cover provided by the policy. For full particulars, reference must be made to the current policy wording.
