

Fraud and Cyber Security for the Older Person: How to protect yourself

REGISTER YOUR INTEREST

Together with the Western Victoria Primary Health Network, mecwacare is pleased to invite you to a Fraud and Cyber Security Workshop. Learn about online safety and risks for older Australians, as well as where to get advice and support.

A cyber security specialist from Bendigo Bank will be presenting, and can give you the tools to stay safe online.

When Thursday 3rd October 2024
10am - 11:30am

Where Ballan Neighbourhood House
143 Inglis st Ballan (Rear Carpark and Wheelchair access: Enter from Steiglitz St, Ballan)

Cost Workshop: free
Morning tea: free

It's essential to raise awareness about cyber security and fraud prevention among older adults.

We will be providing tips and resources to help older Australians stay cyber-safe. You can learn about common fraud schemes and safeguarding your devices, as well as:

- Advanced online security measures
- Managing passwords
- Buying and selling online
- Internet Banking
